*Kaskad „Soft mint“*

## **DESIGN**

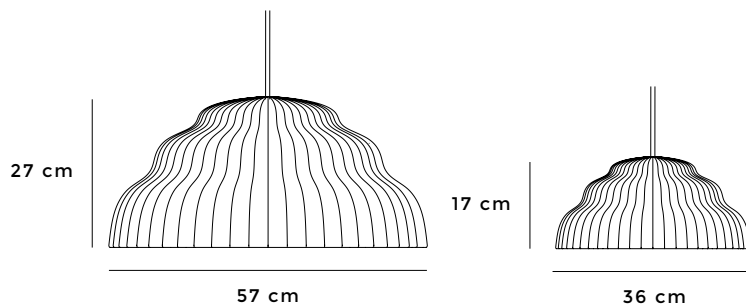

*Kaskad embodies pure aesthetics and a strong visual expression. Made of ceramic in light tones, it is made to round off any private room or public space perfectly. The bold rounded shapes are referencing to the flowing water of a cascade. An impression which is emphasized by the vivid waves that define the exciting cast of the lampshade. The dynamic between the unexpected materiality and superb workmanship, with its clear and linear expression, gives this interpretation of an archetypal suspension lamp its unique character.*
