Series A - 'Volum' | 'Pirum' | 'Secundum'

DESIGN

Pirum, Volum and Secundum: Three lamps that stand for naturally warm light. Despite the organic form the Series A has a graphic and clear line.

All three lights are constructed by the same principles and yet every lamp still stands out with its own special design and character. The intricate structure of the lamp allows the light to subtly shine through the thin wooden slats and cast a glare-free light which creates a natural ambience.
